SAIC UVA Scholars Research Stipend

SAIC is offering research stipends to University of Virginia math, science and engineering students to foster a collaborative relationship between the scientists and engineers at SAIC and the students at UVA. These stipends will support students addressing technical problems and research issues that are of interest to SAIC and its customers. In return, SAIC funds will encourage new research directions and help cultivate a new generation of engineers and scientists.

**Duration/Eligibility/Stipend**

Duration: The stipend is good for one academic year.

Eligibility: The award is open to full-time senior or graduate UVA students. The student must have a faculty sponsor. The student will be assigned an SAIC mentor.

Stipend: Several awards will be made during the year. Each can be used for research assistance or other legitimate research expenses, e.g. lab equipment. Proposals will be reviewed by an SAIC committee.

**Application Process**

No specific application form is required. Interested individuals should submit the following materials:

1. A short description of the proposed research, including the proposed research plan and planned publications. 3-5 pages max
2. A budget justification, $5K - $20K
3. A resume
4. A letter of recommendation from the sponsoring faculty member

All applications should be submitted to SAIC-UVA-Research-Stipend@saic.com

**Sample Subjects of Interest:**

- Cyber Security
- Knowledge Management
- Large Data
- Networks
- Image and Video Analysis
- Modeling and Simulation
- Signal Processing

**Awards and Research Execution**

In 2008, proposals will be open from 1 Aug – 15 Oct. Awards will be made 31 Oct. Research effort will commence and periodic status reports to the SAIC mentor will occur.
